The Self-Retracting BoxGrip™

⚙ Applying the Self-Retracting BoxGrip™

CE

1 Position the merchandise on a flat surface. Expand the BoxGrip™ by pulling the locking mechanism away from the backing disc.

2 Place two of the cables over one corner of the box and wrap the other two around the other side.

**3** Center the BoxGrip™ locking mechanism on the front of the product with one cable around each side of it.

4 To lock and arm the BoxGrip™ depress the lock button until there is a 'click' and confirmation 'beep'.

5 To secure, twist the bar firmly in a clockwise direction until cables are taut. Merchandise is now ready to be displayed.

🔧 Releasing the Self-Retracting BoxGrip™

The BoxGrip™ can be used with a variety of detachers, view the correct instructions for your detacher.

S3 Key

1 To release, apply the detacher to the button on the locking mechanism and press until there is a 'click' and it pops out.
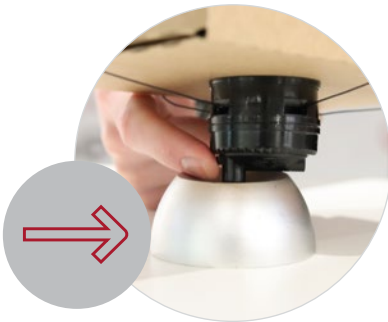

2 Pull away the BoxGrip™ from the merchandise and it will retract neatly ready for reuse.

Curved Top Detacher

1 Place the box onto the desk mounted detacher with the BoxGrip™ underneath. Press the button until there is a 'click' and it pops out.

2 Pull away the BoxGrip™ from the merchandise and it will retract neatly ready for reuse.

Deep Trough Detacher

1 Offer the BoxGrip™ up to the detacher with the button upwards. Push the BoxGrip™ lock button up against the inside wall of the detacher and there will be a 'click' as the lock releases.

2 Pull away the BoxGrip™ from the merchandise and it will retract neatly ready for reuse.
