

User Guide

Mini LynxLoc™ **plus**

Applying the Mini LynxLoc™ Plus

- 1** Pass the end of the lanyard through a secure part of the merchandise such as a handle or buckle.

- 2** Connect the lanyard tip into the opening of the Mini LynxLoc™ **Plus** casing. (The tip is Omni-directional and can be inserted from any angle)

PLEASE NOTE:

The Mini LynxLoc™ **Plus** will not beep when inserting the lanyard tip.

- 3** When the tip clicks into position the Mini LynxLoc™ **Plus** is now locked and ready to merchandise.

IMPORTANT: The Mini LynxLoc™ **Plus** is always active and will alarm if the cable is being cut (the LED flashes continuously, regardless if the lanyard is in or out)

Releasing the Mini LynxLoc™ Plus

- 1** Place the clutch onto the centre of the detacher.

- 2** Gently pull the lanyard to release it and disarm the Mini LynxLoc™ **Plus**.

- 3** The product is now ready to be sold.
