

## User Guide

# SlideTag™ +

## MEGALOC™ Commander Detacher

Scan the QR code  
to watch the video  
on how to apply  
and release the  
SlideTag™

## Applying the SlideTag™

- 1** Slide the tag opening onto the area of merchandise to be tagged ensuring the clutch is on the outside.

- 2** Press firmly on the plunger. The item is now securely tagged!

## Releasing the SlideTag™ with the Commander Detacher

### METHOD 1:

With the detacher on a surface

- 1** Apply the SlideTag™ clutch to the detacher. If the plunger does not release immediately, press the top of the tag firmly and it will release.

- 2** Slide the released tag from the garment.

## 🔧 Releasing the SlideTag™ with the Commander Detacher

### METHOD 2:

With the detacher hand-held

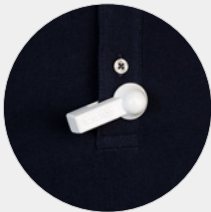

- 1** Take the detacher out of the base.  
Bring the detacher towards the clutch of the SlideTag™ to release.  
If the plunger does not release immediately, press the top of the tag firmly and it will release.

- 2** Slide the released tag from the garment.
