

## **MEGALOC™** Universal Razor Blade Safer

### **Loading merchandise into safer**

- 1** Open the safer by placing the clutch onto the detacher.

- 2** Once full open, place the blister pack on the flat back of the safer.

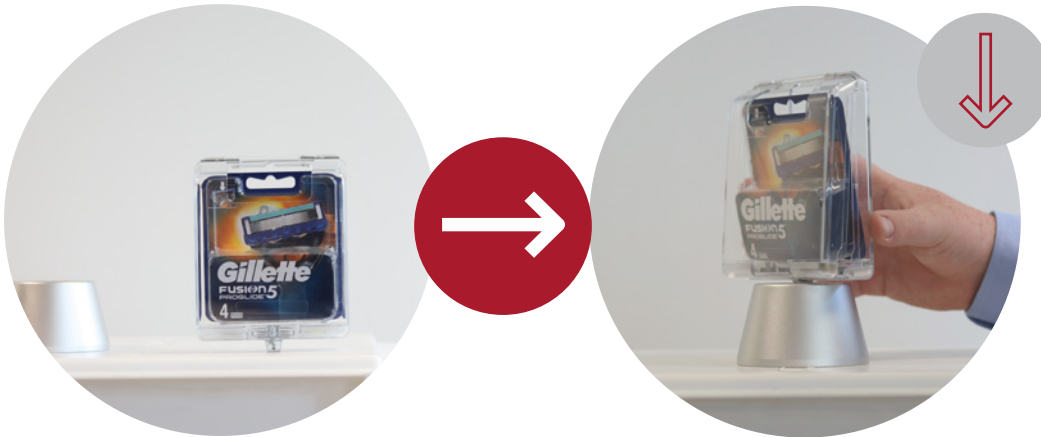

- 3** Close the safer firmly until a click is heard, meaning the clutch is engaged and fully locked.

## Releasing merchandise from safer

**1** When the safer is on the detacher, press the grey button next to the lock to release.

*Note: The lock will automatically release without pressing the button on Black, Green, or Yellow button versions*

**2** Open the safer, and remove the blister pack.
