GravityShield

The GravityShield has been designed to **prevent shelf-sweeping** by limiting bulk collection.

Simple to use for the legitimate customer, access to merchandise is via a lift-up door.

ANTI-SWEEP!

DETERS SHELF-SWEEPING

Customers open the door with one hand and lift the product over a riser with the other eliminating sweeping.

CUSTOMIZABLE

to any shelving type giving a sleek finish for sharper shelf displays.

EASY STOCK REPLENISHMENT

Discreet lock holds doors up to allow for easy stock replenishment.
